

LuscherAction::computeStaple

WilsonGaugeAction::
computeStaple

SU3::inv

```
graph LR; A[LuscherAction::computeStaple] --> C[SU3::inv]; B[WilsonGaugeAction::computeStaple] --> C;
```

The diagram illustrates a common dependency. Two separate function calls, 'LuscherAction::computeStaple' and 'WilsonGaugeAction::computeStaple', are shown in white boxes on the left. Two blue arrows originate from these boxes and point towards a single gray box on the right labeled 'SU3::inv'. This indicates that both functions rely on the 'SU3::inv' component.
