

`complex::setIm`

```
graph LR; A[complex::setIm] --> B[complex::im]
```

A diagram showing a function call. On the left, a gray rectangular box with a black border contains the text `complex::setIm`. A dark blue arrow points from the right side of this box to the left side of another rectangular box on the right. This second box is white with a black border and contains the text `complex::im`.

`complex::im`
