

Correlator::Correlator

```
graph LR; A[Correlator::Correlator] --> B[Correlator::initializeObservableStorer]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is white with a black border and contains the text 'Correlator::Correlator'. The right box is gray with a black border and contains the text 'Correlator::initializeObservableStorer' on two lines. A blue arrow points from the right side of the left box to the left side of the right box.

Correlator::initializeObservable
Storer
