The diagram illustrates a dependency structure where two source files, `GluonicLQCD/math/exponentiation/tayloexp.cpp` and `GluonicLQCD/tests/performancetests.cpp`, both include the header file `GluonicLQCD/math/exponentiation/tayloexp.h`. The header file is represented by a gray box at the top, while the source files are in white boxes below it. Blue arrows point from each source file to the header file.
